

TY HUGHES

HE HAD A PURPOSE

CHILDHOOD

This is me and my little brother Ty.

We were the best of friends.

Ty and I looked so much alike we called each other twins.

My true & forever Bio-bestie.

FOOTBALL & FAMILY

What are your goals?
What about your shoulder? Surgery #1
What about your mental health?
....Ty? Are you ok..?

INJURY HISTORY

On May 11, 2020
our lives were changed
forever.

NALOXONE

Ty would have needed at least 2 if not more doses of Narcan

How to give Narcan® Nasal Spray

- Take Narcan® Nasal Spray out of box.
 - Peel back tab with the circle to open the Narcan® Nasal Spray.
- IMPORTANT:** Do not remove Narcan® until ready to use and do NOT test the device.

- Hold the Narcan® Nasal Spray with your thumb on the bottom of the plunger and your first and middle fingers on either side of the nozzle.

- Tilt the person's head back and provide support under the neck with your hand.

- Gently insert the tip of the nozzle into one nostril, until your fingers on either side of the nozzle are against the bottom of the person's nose.
- Press the plunger firmly to give the dose of Narcan® Nasal Spray. Remove the Narcan® Nasal Spray from the nostril after giving the dose.

- Wait and watch the person closely.
- If the person does not respond in 2-mins, repeat the steps and give the second dose of Narcan® Nasal Spray in box.

- Call 911 right away, if you have not done so already.
- Roll the person on their side and place them in the 'recovery position'.

The closest we can get to ty is at the cemetery.
