Dear Partners,

Improving Lives has never been just a slogan on a wall for DCCCA; it's the compass that guides our decisions, the standard we hold ourselves to, and the promise we make to the people we serve. The root of every milestone we reach, every challenge we navigate, and every innovation we bring to life can be found in our shared purpose.

DCCCA's mission to provide social and community services that improve the safety, health, and well-being of those we serve grounds us and spurs us to seek new ways to serve those who need us. Our mission shapes our priorities, our collaborations, and our actions.

Lori Alvarado  
Chief Executive Officer

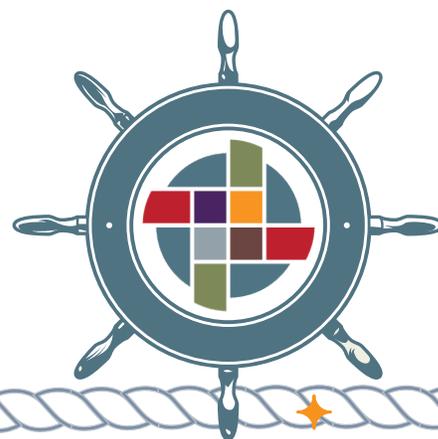

- We bring our mission to life when we show a Behavioral Health client in recovery pathways to hope for a fresh start and a better life.
- We exercise the collaborative approach needed for success when our Child Welfare work helps parents identify changes to ensure their home is a safe environment for their kids.
- When a member of our Foster and Adoption Services staff responds to a text in the middle of the night to provide support to a foster family, they demonstrate mission-driven action.
- Our Community-Based Services staff who lead trainings and provide technical assistance to individuals and groups may never know which participants save a life using the skills they learned.

When we resolve each day to live our mission, we become unstoppable!

In Partnership,

*Lori B. Alvarado*

DCCCA CEO
