

e-LEARNING MODULE SUMMARIES

A wide variety of e-Learning modules are available to all communities. These free modules are generally 12-18 minutes in length and offer a brief look at a subject that is directly related to the work of coalitions and communities working with prevention. Many of the e-Learning modules also are available in Spanish.

Kansas Prevention

Kansas Communities That Care (KCTC) Youth Survey Module

The Kansas Communities That Care (KCTC) youth survey is administered annually free of charge to schools in the state of Kansas. It tracks teen use of harmful substances and provides a baseline for teen usage, the perception of attitudes and provides a measurable level of risk and protective factors that influence behavior, attitudes, and opinions of Kansas teens. This module covers the features and functions of the KCTC Youth Survey.

E-Cigarettes, Vaping, And Teens

This module reviews what e-cigarettes are, what vaping is and how they affect the teenage brain and body. It also reviews current national regulation around distribution and usage of e-cigarettes.

<https://dccca.adobeconnect.com/ecigvapteens/>

Problem Gambling: What Communities Need to Know

Defining problem gambling, warning signs of problem gambling, national and state data regarding problem gambling, responsible gambling tips and resources are all covered in this module.

<https://dccca.adobeconnect.com/prbgam/>

Fidelity

This module will discuss the importance of fidelity, assist in guiding the implementation of the selected program and look at the importance of measuring how closely the program follows the intended design.

<https://dccca.adobeconnect.com/fidelity/>

STRATEGIC PREVENTION FRAMEWORK SERIES (SPF)

This seven-part series covers an overview of the SPF as well as an individual module dedicated to each step of this important process.

Strategic Prevention Framework Overview

This is an introduction to the entire SPF process and a brief overview of each step.

<https://dcca.adobeconnect.com/spfspf/>

Assessment

In the first step of the SPF process, data is collected to define problems, resources, and readiness to address identified problems. This module covers assessment and what it encompasses.

<https://dcca.adobeconnect.com/spfass/>

Capacity

Step 2 of the SPF helps prevention professionals identify resources and build readiness to address substance use and misuse. This module covers the components of capacity and offers tips on how your coalition can build it.

<https://dcca.adobeconnect.com/spfc/>

Planning

Step 3 of the SPF helps prevention professionals form a plan for addressing priority problems and achieving prevention goals. This module outlines the planning process and how it impacts your coalition's efforts.

<https://dcca.adobeconnect.com/spfp/>

Implementation

During the implementation step, coalitions put their strategic prevention plans into action by delivering their selected, evidence-based interventions. This module includes information about and guidance for the implementation process.

<https://dcca.adobeconnect.com/spfi/>

Evaluation

The evaluation step of the SPF quantifies the challenges and successes of implementing a prevention program. This module covers the evaluation process.

<https://dcca.adobeconnect.com/spfe/>

Cultural Competence

Cultural competence, the ability to interact effectively with people of different cultures, helps ensure the needs of all community members are addressed. Understanding how cultural competence is pervasive throughout the entire SPF process is the focus of this module.

<https://dcca.adobeconnect.com/spfcc/>

Sustainability

Ensuring the sustainability of prevention outcomes by building stakeholder support for your coalition's efforts, showing and sharing results, and obtaining steady funding are covered in this module.

PRESCRIPTION DRUG MISUSE SERIES (Kansas and Oklahoma)

About the Epidemic

Prescription drug misuse is an epidemic affecting families and communities across the U.S. This module will provide in-depth information about the scope of the problem.

KS: <https://dcca.adobeconnect.com/abtepdks/>

OK: <https://dcca.adobeconnect.com/okabtepd/>

Commonly Misused Medications and their Effects on the Brain

In this second module of the Prescription Drug Misuse series we will take a closer look at the commonly misused medications and their effects on the human brain.

KS: <https://dcca.adobeconnect.com/comiseffbrain/>

OK: <https://dcca.adobeconnect.com/kncomeffbrn/>

Risk and Protective Factors and Warning Signs

In this third module of the Prescription Drug Misuse series, we will focus on identifying the different factors that are associated with prescription drug misuse and review common warning signs.

KS: <https://dcca.adobeconnect.com/rskprowarn/>

OK: <https://dcca.adobeconnect.com/okrpwarn/>

Raising Awareness

This final module in the Prescription Drug Misuse series explores different ways to raise awareness of the prescription drug epidemic.

KS: <https://dcca.adobeconnect.com/raisawa/>

OK: <https://dcca.adobeconnect.com/okraisawa/>

SUICIDE PREVENTION SERIES

Asking the Question

The first in this series on Suicide Prevention, Asking the Question, looks at the language and behaviors around having important conversations with those who may be thinking of suicide.

<https://dcca.adobeconnect.com/atq/>

Kansas Suicide Prevention Plan

The Kansas Suicide Prevention Plan is a comprehensive plan designed to encourage participation of Kansas communities in addressing suicide prevention at a local level. This module provides an overview of the plan and its components.

<https://dcca.adobeconnect.com/kspii/>

Prevention Factors

By being aware of the risk and protective factors as well as the warning signs, we can talk more openly about suicide and thus work to prevent it. This module includes information on risk and protective factors and how to use them in your efforts to prevent suicide attempts.

<https://dcca.adobeconnect.com/sppf/>

Suicide Prevention Resources

This module provides a brief guide to locating suicide prevention resources online as well as information for several resources available.

RECORDED WEBINARS

ADVERSE CHILDHOOD EXPERIENCES WITH JANA HINZ WEBINAR SERIES

Introduction to ACEs: What are ACEs? – April 26 12:00-1:00

"ACEs" has become a buzzword in healthcare, mental health, addiction and child services. So, what's all the buzz about? In this webinar we will learn what ACEs are (Adverse Childhood Experiences) and begin to understand why we need to learn more!

Recorded session:

<https://dcca.adobeconnect.com/pi21tcsnpxoy/>

ACEs, Attachment and Addiction: Why do ACEs matter? – May 31 12:00-1:00

ACEs, Attachment and Addiction: Why do ACEs matter?

Why is it important for helping professionals to have a working knowledge of ACEs? In this webinar we will look at the developmental course for someone with four or more ACEs including a brief view of how attachment and addictions come in to play.

Recorded session:

<https://dcca.adobeconnect.com/p6jjqufocg13/>

Integrating ACEs: How do we respond? – June 28 12:00-1:00

Integrating ACEs: How do we respond?

Learning about ACEs science is both fascinating and compelling. Now that you have a basic understanding of ACEs and how it influences individuals, families and communities, how can you respond? This webinar will provide practical resources for individual and systems responses to the ACEs understanding. Recorded session:

<https://dcca.adobeconnect.com/pmb6s3ibd8sb/>

Suicide in Schools: A Suicide Prevention Training for Kansas School Staff - March 22, 2018

Andy Brown from Headquarters presents on suicide prevention in schools. Includes information and resources on suicide prevention specific for the school setting. 50 minutes.

Recorded session:

<https://dcca.adobeconnect.com/suidschls/>

Grant Writing Webinar - April 24, 2017

Facilitated by DCCCA's Chrissy Mayer, this webinar walks through the grant writing process specifically for coalitions. 80 minutes.
